MX-P

Visual Presenter

Present Anywhere

www.elmoussa.com

16x Zoom in True 4K

The MX-P is the first camera on the market to offer 16x digital zoom at 4K resolution, capturing video in True 4K at 30fps or Full HD at 60fps without any loss of quality.

HDMI/RGB/USB Outputs

The MX-P comes with Super Speed USB 3.0, HDMI, and RGB/VGA output options to connect seamlessly to a wide variety of devices.

Lightweight - 1.2lbs

Weighing only 1.2lbs, the MX-P is completely portable - making it perfect to take with you for on-the-go presentations.

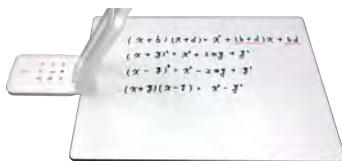

Flexible

The MX-P is equipped to twist, bend, and fold, making it one of the most flexible document cameras in the ELMO lineup. The MX-P can fold up as small as many smart phones.

MX Writing Board

Pair with MX Writing Board for dry marker surface during presentations

Ultra Slim Design

Ultra slim design for increased portability and on-the-go presentations

Quick Navigation

Buttons for image rotation, freeze frame, brightness control and zoom control
